* These are provisional rates for dividend purification, which are subject to final adjustment upon announcement of respective companies' annual accounts for the year 2025/2026

** Only illiquid Assets to Total Assets and Net Liquid Asset ratios calculated of all Islamic Financial Institutions

^ These are considered as Compliant and relaxation is provided over illiquid assets to Total Assets ratio and/or Net Liquid Asset per share as per the guidance available in AAOIFI's Shariah standard no. 59, Sale of Debt.

^^^ In view of the prevailing circular debt situation affecting the oil and gas sector, along with the improvement in the income ratio since the last screening and the Government of Pakistan's ongoing initiatives to address the circular debt issue, it is expected that the income ratio of these companies may improve going forward.

Accordingly, considering the above factors and the company's demonstrated commitment towards improving the ratio, an exception has been granted to Oil & Gas Development Company Limited (OGDC) with respect to the income ratio for the current review period.

Due to circular debt non-compliant investment and non-compliant income ratio is exceeding the approved threshold of ratio, therefore exception is given over non-compliant investment and non-compliant income ratio. Further due to circular debt the share of profit from associates (CPHGC & TNPTL) has been adjusted upto the extent of non-compliant income ratio of these associated companies and late payment interest (LPI) earned has also been adjusted with LPI paid by HUBC.

As these are from service based sector and their fixed assets are not significant in value therefore, these are considered as Compliant and relaxation provided over Illiquid assets to Total Assets ratio and / or Net Liquid Asset per share.
